KENSINGTON TOWN REPORT

TOWN WARRANT

To the Inhabitants of the Town of Kensington in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Kensington on Tuesday, the 6th day of March, next at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To see if the Town will vote to amend the Zoning Ordinance by adding to Article 2 thereof the following (Amendment No. 1) Under no circumstances shall the subdivision of land result in a remaining lot of less than the minimum size required for its existing use.

3. To see if the Town will vote to amend the Zoning Ordinance by substituting for Article 11 the following (Amendment No. 2) The space beneath all structures used as dwellings shall be completely enclosed by solid peripheral foundations of cement, brick, stone, or other acceptable masonry which conforms with accepted building practices. The foundation plans must be approved on an official permit issued by the building inspector before construction begins. Additionally, before any mobile or modular home is moved into the Town of Kensington the completed foundation must be approved on an official permit issued by the building inspector. The wheels must be removed from mobile homes when being set on their foundations. A mobile home which is at present nonconforming may not be moved to another site without first complying with this ordinance. A mobile home which is at present nonconforming may not be replaced for any reason with another mobile home without first complying with this ordinance.

4. To see if the Town will vote to amend the Zoning Ordinance by adding thereto a new Article 27 as follows (Amendment No. 3) Petitioners under this ordinance will be responsible for the expenses of advertising, legal and engineering fees, and any specially called public hearings before permits will be issued.

5. To see if the Town will vote to amend the Zoning Ordinance by substituting for Article 16 the following (Amendment No. 4) In accordance with the procedures, standards, and conditions hereinafter specified, the Selectmen may permit the excavation or grading filling or removal from any lot, of any earth, loam, topsoil, sand, gravel, clay or stone. The purpose of this section is to protect the ecological processes which are dependent on physiography, protect well water supplies, minimize rapid surface runoff or rainwater and meltwater, preserve a cover crop on the land to prevent erosion, and control any excavation that may create a safety hazard or health hazard to the public or to adjacent property owners, or be detrimental to the immediate neighborhood or to the Town.

2. The excavation or filling of earth, sand, gravel, or other similar materials shall be permitted in all areas except:

a) within fifty feet of mean annual high water of any stream bank unless the finished grade after such excavation remains two feet above mean annual high water.

b) within 200 feet of any state or town road unless the final grade after such excavation or filling conforms to the original grade or is at least one foot above the center line of said road.

c) within areas explicitely excluded by the Zoning and Land use Ordinance.

d) except that a,b, and c shall not apply where the sole intent is to create a body of water such as a pond.

3. Present operations.

3.1 Any excavation involving the removal of sod, loam, soil, topsoil, clay, sand, gravel, stone or other earth materials (hereinafter called a pit) or filling operations involving the use of these materials which is in existence on the effective date of these regulations shall be registered with the town clerk on or before June 1 following the passage of this ordinance The registration shall consist of

a) a map showing the present pit, its anticipated outside boundaries, property lines, and names of abuttors.

b) a signed and notarized statement by the pit owner attesting to the accuracy of the map.

3.2 After June 1 following the passage of this ordinance all existing pits not registered as required above shall be deemed to be new pits and will come under the provisions of sections 4 - 12 of this article.

3.3 Any extension of existing pits into adjacent property acquired after the date of registration shall constitute a new pit.

3.4 After June 1 following the passage of this ordinance the conversion of a private pit into a commercial operation shall be deemed to be an opening of a new pit and will come under the provisions of Sections 4 - 12 below. Commercial nurseries (but not sod farms) are explicitly exempted from the provisions of this ordinance

4. Exemptions. The provisions of this article and the requirements to obtain a permit shall apply to all filling, excavation, grading or removal except such operations which are intended only tcmakethe lot more suitable for the proposed use, excluding the removal of any materials for commercial purposes.

5. Application requirements.

5.1 Application for a permit under this section shall be submitted in writing to the Selectmen with an application fee of $10.

5.2 The application shall be accompaied by maps and plans showing the following:

5.2.1 The location and exterior limits of the area to be filled, excavated, or graded; and within the area so located, and within 200 feet of the exterior limits of the area, the location of:

a) existing and proposed buildings and structures.

b) property lines and streets and the names of owners of property.

c) existing and proposed drainage and existing rivers, streams, watercourses, ponds, and swamps.

5.2.2 Vehicular access and proposed work roadways.

5.3 The application shall be accompanied by a statement describing:

5.3.1 proposed re-use after cessation of operations.

5.3.2 details of final grading and planting of site to prevent erosion on the site at the conclusion of operations.

5.3.3 details of dust control measures.

5.4 If, in the judgment of the Selectmen, the scale or nature of the proposed excavation or fill justifies it, the Selectmen may require that appropriate maps shall be prepared by and bear the seal of a land surveyor or engineer licensed by the State.

6. Procedure. Within 45 Days after the receipt of a completed application, the Selectmen shall hold a public hearing on the application and shall approve, disapprove, or approve the permit subject to modifications. The applicant may consent in writing to any extension of the time for action on the application. The Selectmen may request the applicant to submit additional information. Notice of such hearings shall be posted in the Town in at least three places and published in a newspaper of general circulation in the Town at least 15 days before such hearing. The grounds for disapproval of an application shall be stated by the Selectmen in their records. Failure to submit additional information requested by the Selectmen shall be grounds of disapproval of the application. Failure of the Selectmen to act within the 45 days after the receipt of the completed application shall constitute approval.

7. Standards and conditions The filling, excavation, grading, and removal authorized by permit under this article shall conform to the following standards and conditions, and before granting a permit the Selectmen shall find that the following standards and conditions will be met:

7.1 The filling, excavating, or grading shall be completed in accordance with the maps and plans as approved and within the exterior limits shown thereon.

7.2 Truck access to the lot and the work area shall be so arranged as to minimize traffic hazards on streets and to avoid nuisance to residents of the neighborhood. Access aprons shall be paved with macadam or bituminous concrete to a minimum distance of 100 feet from the paved surface of the connecting highway.

7.3 No filling, excavation, grading, or removal which is below the elevation of any abutting property line shall occur within 25

feet of such line, except that filling, excavation and grading or removal below the elevation of an abutting property line may be permitted if written approval from the adjoining property owner is received by the Selectmen.

7.4 No processing machinery shall be erected or maintained on the lot within less than 300 feet of any property line, and any such machinery shall be removed from the lot upon expiration of the permit. No materials shall be stockpiled or located outside the permit area. Stone crushers or other machinery not required for actual removal of the material shall constitute an industrial use and be governed by Article 15 concerning industrial use of land.

7.5 Dust control measurer shall be taken when deemed necessary to protect surrounding property including the use of water, oil, calcium chloride, or other similar material on all access roads.

7.6 Blasting and storing of explosives must be done in accordance with appropriate state laws.

7.7 Upon completion of the work authorized, the area of excavated or otherwise disturbed ground shall be prepared or restored as follows.

7.7.1 Depending on the proposed re-use of the affected area the following criteria shall govern the depth of the final excavation.

Re-Use Minimum elecation of bottom of excavation
Buildings five feet above annual mean high water table or conforming to the original grade prior to any excavation or disturbance of th earth. Vegetation two feet above annual mean high water table or conforming to the original grade prior to any excavation or disturbance of the earth.Pond five feet below mean annual low water table.

7.7.2 Such an area shall be evenly graded to slopes not exceeding one (1) foot of rise to two (2) feet of horizontal distance. The required slope may be modified by the Selectmen where ledge rock makes steeper slopes possible or to a lesser slope if necessary for soil stability or safety or reasonable re-use and development of the lot. In addition the area should be evenly regraded with sufficient slopes to assure adequate drainage of the area so that stagnant pools of water will be avoided.

7.7.3 Adequate drainways of gradual slope shall be provided to assure drainage. Where necessary to avoid a potential concentration of runoff water, stone riprap, channels, drop chutes or other mechanical devices shall be installed.

7.7.4 All debris and all loose boulders not incorporated into the improvement of the lot shall be buried or removed from the lot. All organic debris must be burned or removed from the lot.

7.7.5 Arable soil shall be spread on areas that present a severe erosion hazard, seeded with grass, mulched with suitable material, or otherwise maintained until the ground has been stabilized with a dense cover, and there exists no danger of erosion. On areas not subject to potentially servere erosion other vegetation may be established such as suitable grasses, shrubs, or trees. The covering of excavations for seeding may be done with the soil removed therefrom and / or loam from off the premises. Excavations which uncover ledge or rock outcrops need not be covered or seeded.

7.7.6 Final grading which would result in steep slopes abutting water bodies shall be avoided by providing a level berm at least ten feet wide between such a water body and steep slope at least one foot above mean annual high water.

8. Posting of Bond The applicant shall file with the Selectmen cash or a performance bond in form acceptable to the Selectmen in such amount as the Selectmen deem sufficient to ensure the faithful performance of the work in accordance with the provision of this article, provided, however, that in no event shall the Selectmen fix a bond in an amount greater than $1,500 for each acre or fraction thereof to be filled, excavated, or graded.

9. Inspection The Selectmen or their authorized agent shall at all times have reasonable access to the lot for the purpose of inspection and determination or compliance with this article. The Selectmen may require the applicant to submit periodic reports prepared by and bearing the seal of a land surveyor or engineer showing the status and progress of the work.

10. Time Limit Each permit granted under this article shall be valid for a period of two years or for such shorter period requested by applicant or fixed by the Selectmen. Upon application made at

least 30 days before the expiration of a permit the Selectmen may extend time for a period of not more than two years, provided that there exists no violation of the terms of the current permit. Extensions will be granted provided that excavation has not gone beyond the plans originally submitted under Paragraph 5 or provided that a new plan is submitted in accordance with Paragraph 5. Failure to apply for a renewal of a permit shall constitute prime facie evidence of completion or operations.

11. Return of Bond Upon completion of the filling, excavation, grading or removal in accordance with the terms of the permit and after any area of the lot required to be seeded has grown in a second season a dense cover as required under Parapraph 7.7.5 the applicant may apply to the Selectmen for the return of the bond filed as provided in Paragraph 8, and if the Selectmen are satisfied that the work has been completed as required by the permit, the bond shall be returned to the applicant, but otherwise the bond shall remain in full force and effect. Failure of the permit holder to renew the permit shall constitute completion of operations. The permit holder will then have 90 days to comply with all the provisions of Paragraph 7. Failure to comply in 90 Days shall constitute forfeiture of the bond.

12. Town operations All fees are hereby waived if such operation is conducted by or on behalf of the Town of Kensington for the municipal purposes of the Town. The filling, excavation, grading, or removal, however, shall meet all of the standards and conditions of this article.

6. By petition of Virginia Abernathy and others to see if the Town will vote to amend the Zoning Ordinance by substituting in Article II thereof the following (amendment No. 1) In order to promote the health, prosperity, appearance, economy, and general welfare of the community the present Article II dealing with lot area is to be amended to read as follows:

The lot area of any dwelling or residence shall not be less than two (2) acres, except that one dwelling may be located on a lot of less than two acres provided this lot has been duly recorded in the County Registry of Deeds at the time of passage of this ordinance Every dwelling or residence shall have a minimum frontage of two hundred (200) feet abutting upon a public street or road.

7. By petiton of Virginia Abernathy and others, to see if the Town will vote to amend the Zoning Ordinance by substituting in Article VIII thereof the following (Amendment No. 2) In order to promote the health, prosperity, appearance, economy and general welfare of the community and due to the difficulty of enforcing the portions of existing Ordinances which govern mobile homes, the present Article VIII dealing in part with permits to locate mobile homes in Kensington, shall be amended to read as follows: Any person, persons, partnership or corporation intending to construct a new building, move an existing building, or make structural alterations to existing buildings or mobile homes, said alterations to exceed $500 (five Hundred dollars) shall first make an application for a permit on forms obtained from the building inspector or selectmen. From the time of passage of the amended ordinance, mobile homes shall not be permitted to be moved into the town of Kensington for the purpose of establishing a dwelling or residence. A permit fee of one tenth of one percent of estimated value of the new building or structural alteration will be charged, with a minimum of $2.00. All fees shall be returnable to the building inspector and shall constitute payment in full for his service.

8. On petition of Paul A. Estabrook and others, to see if the Town will vote to amend the Zoning Ordinance by adding thereto the following (Amendment No. 3) The Planning Board shall require of all commercial subdivisions, resubdivisions, and multiple dwellings of two or more dwelling units to pay to the town a sum of money, proportional to the additional capital expenditures which the commercial sub divisions, resubdivisions and multiple dwelling units would necessitate an excessive expenditure of public funds for the supply of any public facilities such as schools, fire protection equipment, dump facilities and other public buildings. The planning Board nor any other town official may not issue building permits nor sign any deeds until such money has been received by the town treasurer. The minimum shall be at least $3,000 (Three Thousand Dollars) per dwelling unit. This money shall not be used to provide roads or other facilities which the subdivider on multiple dwelling owners should provide directly for their own immediate use. In lieu of the above the subdivider or

multiple dwelling owner may post bond and provide the required facilities at no expense to the town.

9. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same. The Selectmen's estimate of expendituures for the ensuing year is $49,249.16.

10. To see if the Town wishes to allow a discount on taxes paid within 30 or 60 days after presentation of tax bills.

11. To vote on the basis of payment and the amount thereof to be paid the Tax Collector for the colection of taxes.

12. To see if the Town will grant the Selectmen authority to borrow money in anticipation of taxes.

13. To see if the Town will vote to close and discontinue the following Class VI Roads and/or ways used as Class VI roads or the designated pertions thereof:

Hog Pen Lane (so called) A road leading from Rte. 150 by the Grange Mall to Stumpfield Road by the present Hubert Schweizer home

Green Dow Road (so called) A road leading from Rte. 150 near the former Lord's home (Felch) to where it joins Hog Pen Lane (so called) through the Town Park Area.

LIBRARIAN'S REPORT

CIRCULATION

Adult Fiction	2,697
Adult Non - Fiction	2,618
Juvenile Fiction	3,539
Juvenile Non - Fiction	1,465
Recordings	89
TOTAL	10,488

Circulation figures for 1972 show a slight increase over 1971 and were fairly constant throughout the year. Again, adult total circulation was higher than the juvenile circulation this year by 311.

198 books were added to the library collection during 1972. 146 were purchased from library funds or gift money. 52 books were given to the library.

Memorial books were given by Ruth Blodgett Boysen in memory of her father, Horace P. Blodgett; by Lucy Blodgett in memory of Horace P. Blodgett; by Myrtle Gourley in memory of Matthew Brewer.

The following books were purchased from the Parker M. Blodgett Memorial Book fund: The Boys of the Summer, Complete Book of Home Repairs, Homeowners Minimum Maintenance Manual, O.K., I'll Do it Myself, Everything You Always Wanted to Know About Hockey, the March of Science, The Moving Continents, Veteran and Vintage Cars in Color, the Shag Bag, and the Foxfire Book. The remainder of the fund is being used to purchase The International Wildlife Encyclopedia.

The Friend's of the Library sponsored the Little Red Wagon, a traveling Theater and Puppet Show from UNH's Project TRY. The show was given at the Town Park and about 75 childred attended. Three Morning Coffees and Book Review programs were held during the year. The Friends purchased a new desk chair for the Library and $100.00 was given to augment the library book budget. Marian Weld was elected Chairman of the Friends Group, Theresa Garneau, Vice Chairman, Jean Mertinooke, Treasurer; Sally Head, Secretary at the annual fall meeting.

KENSINGTON TOWN REPORT

We continue to purchase most of the books for the library through the Lane Memorial Book Purchasing Cooperative and receive a larger discount than we could if buying directly on our own. Charlotte Hutton, Librarian of the Lane Memorial Library in Hampton is organizer of this group. She deserves a great deal of appreciation for her time and efforts on behalf of the smaller libraries.

Library hours were increased in October so that the Library could be open on Thursday night as well as Tuesday night. This has proved to be quite popular with the residents. Saturday afternoon hours were shortened by one hour.

The school children of the Elementary School continue to visit the Library with their teachers; the lower three grades come by turn on Tuesday afternoon and the upper three grades on Thursdays. The Staff of the Elementary School have been most cooperative and considering the crowded conditions under which we have to work things seem to work extra words out fairly well.

Marian Welch has continued to give much volunteer time to help with processing new books, mending books, sorting magazines and many other tasks. June Armstrong continues as Assistant Librarian and is continuing her Public Library Technique courses at UNH. This past summer she was recipient of Women's Club Scholarship.

Books were given to the Library this past year by Emmons Sanborn, Marian Welch, Charlotte Hutton, the Dillenbecks, barbara Moore, the Tuthills, Richard and Joan Drew, June Armstrong, Lucy Blodgett, Marian Welch, the First Presidency of Jesus Christ of the Latter Day Saints, and Laurie Swift.

Ann Greenwood, Jean Mertinooke, Christopher Mertinooke, Carrie, Susan and Betty Bodwell, June Armstrong, Marian Welch, Faith York, Dolly Jocobs and Sally Head assisted the Librarian in taking inventory, cleaning and otherwise reorganizing the library before the opening of school. If I have forgotten to mention anyone who helped it was unintentional.

I wish to thank all of the trustees, Friends and any other person who has helped at the library during the past year.

Respectfully submitted,
Lucy C. Blodgett
Librarian

REPORT OF THE PLANNING BOARD

All year the Planning Board has held a public meeting in the Town Hall on the first Thursday of each month (at 7:30 P.M.) in an effort to be easily accessible to the public and to gain a better sense of the town's needs and desires.

Partly guided by the insights gained at such meetings as well as by the Selectmen's experience in enforcing present zoning ordinances the Board has also been active this year in revising and perfecting ordinances already on the books and, as always, trying to stay ahead of the many changing circumstances that threaten the quality of life or the tax burden of town residents.

The ordinances offered to the voters in March 1973 are the result of this continuing effort to serve the town.

REPORT OF THE FIREST FIRE WARDEN AND DISTRICT CHIEF

In New Hampshire, forest fire control is a cooperative State-town program. The Town Forest Fire Warden, appointed by the Director, Division of Resources Development upon recommendation of the Selectmen and the State's District Forest Fire Chief is responsible for fire suppression and other related duties. The State shares equally with the town in the cost of most firest fires, except illegal and careless fires, which are charged to the responsible party. The State further provides fire detection services, prevention programs, fire training for town wardens and crews, and back up equipment for fire suppression.

By authority of the State, the Town Forest Fire Warden controls all outside burning in his town except backyard cooking fires. Any person wishing to kindle a fire when the ground is not covered with snow must obtain a fire permit, free of cost, from the Town Forest Fire Warden. No permits will be issued for fires between 9:00 A.M. and 5:00 P.M. unless it is raining, except for commercial purposes.

Please be careful when using fire, remember it can be an extremely useful tool when under control but once allowed to run wild it can become a disatrous and devastating force. Only you can prevent a forest fire.

Number of fires reported and acres burned - 1972 season:

STATE	410 fires	361 acres burned
DISTRICT	101 fires	112 acres burned
TOWN	2 fires	1½ acres burned

KENSINGTON TOWN REPORT

OFFICERS OF THE KENSINGTON POLICE DEPARTMENT

Arthur Wiggin Jr. Stanley Knapp

The year 1972, the town of Kensington again saw a slight decrease in automobile accidents over the past year. Fortunately we did not have any accidents resulting in fatalities. Myself and my other officers would like to think that our increased patrols and use of radar surveillance was responsible for the reduction in highway accidents.

I feel the only way our highways can be safer and our homes more secure is through continued fair, firm and formal law enforcement. To achieve this, efforts are being made to continue a Highway Safety Program with Federal Financial Assistance. Some of the surrounding towns are in the process of building large shopping centers, and other facilities. Thereby the town of Kensington can plan on a substantial increase in the flow of traffic on our four state highways, in the years to come starting with this year.

In the past year we also saw a slight decrease in the criminal activities and vandalism in our town. The value of the property that was stolen in the past year, was considerably less then it was in 1971.

I would like to express my appreciation for the cooperation the department has received from all the citizens of the town, who have helped us to keep Kensington a safe place to live and travel through. My thanks to the Board of Selectmen, Rockingham County Sheriff's Department, State Police, Police Departments in bordering towns and citizens from other towns.

Goals for the coming year have been established as continued and increased weekend and night patrols. Continuing efforts will be made to keep Kensington a safe place to live and travel through.

REPORT OF THE KENSINGTON CONSERVATION COMMISSION

The Conservation Commission has been meeting regularly on the third Thursday of each month. The major item of business has been the matter of the Great Meadows which many people have indicated should be maintained in its undeveloped state. Effort has been made to identify the owners of this land and to ask them what they feel should be the proper action.

One of the duties of a conservation commission is to develop and maintain an inventory of the natural features of the town. Toward this end we are working on a series of maps indicating the extent and location of such things as wetlands, agricultural land, open land, etc.

The Conservation Commission is beholden to Mr. Dillenbeck for the maple tree he gave us and helped us plant on the lawn of the school.

The Conservation Commission welcomes any one to attend our meetings, which are held at the town hall at 7:30 P.M. on the third Thursday of every month. We would also appreciate any ideas or suggestions for our work.

Respectfully submitted,
SETH H. PERRY, Chairman

KENSINGTON RECREATION COMMISSION

The Kensington Recreation Commission has concentrated efforts this year in planning and purchasing recreation equipment with matching funds from the Land and Water Conservation Fund for the establishment of a children's playground within the recreation area, monies being donated from the Matthew A. Brewer Memorial Fund. The Children's playground equipment will be installed in the spring.

The ball field has had extensive use by our highly successful Kensington Little League who have provided dug outs and assisted with maintenance of the field. The back stop and foul line is now in place.

Our excellent swimming program was again offered, directed by Red Cross Instructor, Michael Cassano, and Red Cross certificates were earned. Forty Kensington children and twenty three out of town children participated in the program and seven older girls earned Jr. Red Cross Life Saving certificates. The following girls donated their time to assist Mr. Cassano with the younger children: Kathleen Engel, Karen Engel, Sally Brewer, Naomi Felch, Laurie Swift, Julie Thomas, Vicky Young, and Susan Buffler.

Special thanks to Mrs. Joan Engel, Mr. and Mrs. Stephen Smith, and Dr. and Mrs. Elliot Young for the use of their pools.

The Recreation Aea has been used this past year by Boy Scouts, 4-H clubs, American Legion, and Kensington Little League.

The American Legion installed and dedicated a flag pole and we are sorry to report that vandals have destroyed the pole.

As we anticipate greater use of the area by more organizations and families an open pavillion is now under consideration.

Finally we wish to thank everyone who has contributed their service in behalf of the recreation area.

The Exeter Area Visiting Nurse Association provides skilled nursing and physical therapy services under the direction of the patient's physician. This may include home visits to administer injections, change surgical dressings, supervise medications and diet, record vital signs, draw blood, irrigate catheters, administer enemas, assist or teach the patient's family in regard to personal care, skin care, and cast care. Many visits are made to newborns. and mothers for health and diet teaching and care of mother and infant. Patient's physically able to leave the home may receive injections at the VNA office. The physical therapist is available to patient's in establishing a home exercise program, teaching family exercise pattern and daily routine and evaluating need for any equipment necessary to rehabilitate a patient to his fullest potential as a contributing member of society.

Through our Well Child Clinic many children are receiving immunizations and physical examinations, vision and hearing screening, dental hygiene instruction, and diet teaching, who previously may not have because of financial problems or lack of follow - up in updating health care necessities.

Visits are also made to crippled children, tuberculosis patients, mental health and Veterans Administration referrals. Assistance is also given to patients in understanding Medicare, Medicaid, Blue Cross-Blue Shield, and eligibility for these benefits.

Through the VNA hospital based Home Health Coordinator, patients are now receiving continuity of care after hospital discharge to the home.

The above services are provided to everyone in the community - the young, old, aged, pregnant mothers, and all economic groups for the purpose of promoting, maintaining or restoring health, or minimizing the effects of illness and disability. Better health care knowledge prevents accidents, illness, and disease, and saves many health dollars.

There are many ways to get home health care: (1) The patient's physician may contact the VNA office, (2) The patient can contact the VNA office directly, (3) A spouse, relative, friend may contact the VNA office, or (4) Another agency or referral source may refer a patient for home health care. More information may be obtained by calling your local representative, or the visiting nurse association's office at 21 Prospect Avenue, Exeter, N.H.

THE HISTORICAL SOCIETY OF KENSINGTON, NEW HAMPSHIRE

Where as at the Town meeting of March, 1972 the Historical Society of Kensington Inc. was voted to have charge of the celebration during the Bi-Centennial of the United States of America, and were given an appropiation of $100.00 to defray immediate expenses.

The Board of Directors of the Society appointed Herbert L. Eastman Chairman of the Bi-Centennial Committee.

This committee met on Jan. 3 and Jan. 24, 1973.

While plans are still tentative, the following were discussed:
The seizing of fort William and Mary Dec. 14, 1774
The Battle of Bunker Hill June 17, 1775.
The signing of the Declaration of Independance, July 4, 1776.
Preparation of the first State Constitution ,1776
The Battle of Bennington, Aug. 1777.

Mrs. Nancy Merrill, state representative of the Bi-Centennial Commission, also met with us to co-ordinate plans for the assault on Fort William and Mary.

1. July 4, 1976, Kensington will have it's official Bi-Centennial celebration with a parade, floats and out door events at the town recreational park.

2. All houses that were in existence during the Revolutionary period to have markers, these markers to be uniform in size and appearance. Also to be marked, will be other historical sites.

3. A Liberty tree will either be planted or selected from existing trees on the edge of the parking lot, which was formerly a drill field for Kensington Minutemen.

4. A contest will be held, between March and June, 1973, to design a seal or medallion, which will be open to all residents of Kensington. This seal, if accepted by the Town at the next Town meeting, will be known as the Seal of the Town of Kensington.

More meetings are to be held, along with representatives of all organizations of the Town.

We realize we have an immense assignment and request all past and present citizens of Kensington for their fullest coooperation.

REPORT OF THE SOLID WASTE DISPOSAL COMMITTEE

Under existing N.H. statutes, Kensington must terminate open burning at any public disposal site by July 1, 1975.

With this deadline in mind and with the immediate goal of improving conditions at our present dumping site, the Committee offers the following recommendations.

1. That the town hire a dump attendant to be present during the hours that the dump is open. The duties of the dump attendant to include:

a) permitting access to town residents only;
b) concentrating household trash by directing users to a limited section of the dump and segregating heavy trash, i.e., appliances, stumps, by indicating acceptable sections for these items.

2. Burning to be prohibited during open hours.
3. Burning to be limited to household trash and to be lighted only by the dump attendant.
4. Limit the open dump hours to 8 A.M. - 4 P.M. on Saturdays and 9 A.M. - 12 Noon on Sundays.
5. Enforcement of existing dump regulations and prosecution of trespassers and violators by the Board of Selectmen.
6. In the 1973 Town Warrant, there is to be an Article providing for Kensingtons participation in a Regional Solid Waste Study Committee. We urge favorable consideration of the Article.

These recommendations are but the first step towards ending burning in our town dump. By first restricting burning, and eventually ending it we hope to clear the air for the residents of our town who use the dump and for our unfortunate neighbors whose homes have been visited by the odors of indescriminate dump burning.

KENSINGTON TOWN REPORT

REPORT OF SUPERINTENDENT OF SCHOOLS

This past year has seen changes in the Kensington Elementary School.

Last spring, all children were tested in the areas of reading and mathematics. Using the results of these tests and teacher recommendations, the children were grouped accordingly.

As Principal Robin Whittemore explained in her annual report, Grades 4 - 6 are presently working in a non-graded, departmentalized program in the mornings. Children in those grades work together and change classes for math, science, reading, and spelling. During one term of the year, parent conferences are held instead of sending home the report card.

Miss Whittemore stressed her pleasure that two federally funded projects were also approved during the past year. Programs approved included an ESEA Title I joint project for East Kingston and Kensington to provide additional reading materials and an ESEA Title IIprodject to develop and augment materials to be used for the library center.

One of the major educational developments affecting Kensington and the other towns making up Supervisory Union 16 was the approval of the S.U. 16 staff development plan by the State Board of Education. As the result of becoming the first supervisory union to participate in the new plan, S.U. 16 will serve as a pilot model for all other New Hampshire school districts.

In the past, educators went about the recertification process through the accumulation of course credits. Sometimes, these credits were part of a special program or degree. Hovever, in many instances they were not geared to a special need of an individual. The staff development plan requires each educator to assess his needs every three years and then develop specific objectives for meeting the recognized needs. A staff development team, with a representative from each town, serves as a steering committee, and approves or disapproves individual programs.

A second development affecting all six S.U. 16 towns was the assumption of the operation and management of the Rockingham School in Exeter. This took on added significance due to passage of legislation making education mandatory for all handicapped children. A Rockingham School Board, made up of a representative from each S.U. 16 town, meets bi-monthly with the school superintendent and the school principal.

The lack of state funds in most obvious in this situation. The operating funds for the school are raised entirely through tuition. The tuition rate for 1973 -74 will remain at the current $1400.00 figure. Hopefully, the school will enroll the sixty pupils needed to meet operating expenses of $84,000.00 for the 1973-74 school year.

In previous reports, my predessor has expressed his concern over the financial funding of education in New Hampshire. As stated last year, New Hampshire now ranks 50th in regard to state support of local education. Such decreased state support has led to further financial pressures for the property holder.

Despite pressing financial problems, the staff has continued to perform admirably and the community has supported education programs. Five months of observation lead the writer to believe that there is an absence of frills in our school; rather, I am impressed by the quality and commitment of teachers and administrators.

Increased enrollment at the AREA Junior and Senior High Schools has been under study by the Exeter School Board and the Space Needs Committee of Exeter. Kensington's representative to the AREA Advisory Committee is also aware of the present large class sizes at the AREA Junior High School and the lack of classroom spaces in certain subject areas at the senior High School.

If elementary enrollment continues to decline in Exeter, it will be possible to transfer some or all sixth grade classes currently attending the Junior High School to the elementary schools. This would open up needed space at the AREA Junior High School. At the High School, the alternative education plan gives some flexibility, though space is at a premium and a record enrollment is projected by 1975.

Tuition rates for 1973 - 74 at both the Junior High School and the Senior High School show little increase. At the Junior High School, the rate increased by just one dollar to $795.00 while the High School rate went up by $27.00 to $1,027.00. The $27.00 increase at the Senior High School represents the lowest increase in four years.

As the result of increased insurance valuation on both the AREA Junior High School and the AREA Senior High School, the rental rate was recalculated by the Exeter School Board and approved by the AREA school districts. The tuition rate for 1973 -74 as announced by the Exeter School Board and approved by the State Department of Education:

AREA Junior High School

Estimated per pupil costs for 1972 - 73	**$ 752.06**
Rental charge	**42.82**
Tuition for 73 - 74 JHS	**794.88 [$795]**

AREA Senior High School

Estimated per pupil costs for 1972 - 73	**$ 982.97**
Rental charge	**43.58**
Tuition for 73 - 74 SHS	**$1026.55 [$1,027**

In accord with the AREA contract, these estimates per pupil costs for 1972 - 73 are the basis for determining tuition rates for the 1973 74 school year. As mentioned above, the rental charge is added to complete the tuition cost. These tuition figures for 1973 - 74 compare most favorably with the state average per pupil costs of $896.00 per high school pupil and $799.00 per junior high school pupil, exclusive of rental charge. What makes the local rates more favorable is that the state average is for the 1971 - 72 school year. Thus the state costs are two years behind the AREA tuition figure.

Major priorities for the future include the introduction of a career education program for elementary students, increased emphasis on reading at all levels, and the ulilization of better planning and management approaches.

THE PRESENT STAFF AND THEIR ASSIGNMENTS FOR 1972 - 1973:

KENSINGTON TOWN REPORT

REPORT OF THE TEACHER CONSULTANT

Last Spring I submitted to Concord under a Federal Application of Title I ESEA a program to aid children having learning disabilities with a special program. We have received this grant and are underway with the planning of a program.

A learning disability exists when the individual's actual performance or achievement in any given area of school work is found to be far below his capacity or potential. We have many of these pupill in our school. With a special team of three learning disabilitv specialists on our staff we will identify with the classroom teachers the children who fit the above definition. The primary objectives in helping these children is the identification and the remediation of specific disabilities. We will concentrate on the first three years of the child's school life.

As I have worked in the elementary school of Union #16 I have been aiming toward a higher per cent of school success for all children at the primary level. We introduced transition eductaion a few years back aimed at children of first grade entrance age who needed a different program for a year because of immaturity. These children could not have met success in the first year of school under the regular program. Has this been successful? Recent test results show that children now in grade two that have had transition education are highly successful. 76% of the children who had transition education scored above the National norm in a recent reading test.

We have also been exploring new reading programs. Through a Federal Grant new materials have been tried in selected first and second grade rooms. We are currently analyzing the results of tests and children's performance and we expect to make some major decisions shortly on the kind of reading program that we feel will best suit the needs of our pupils starting school in the fall of 1973.

We will continue to explore and plan for new programs at the elementary level in order to have each child reach his maximum potential. It is my belief that getting children off to a good school start will pay dividends later as these children move into higher levels of education. It is exciting and rewarding to see education change in order to serve more children better. The objectives of the educational setting are clear. Much of my work is to find the means by which all of us together can reach the objectives of educating each child to his potential and making him a good citizen for this community.

KENSINGTON TOWN REPORT

1973 REPORT OF THE BUSINESS ADMINISTRATOR

DANIEL C. DURGIN

This past year has been a most significant one for Supervisory Union #16 in terms of changes in certain procedures and personnel.

I will not dwell on personnel changes except to say that we have had a change of personnel in no less than four positions, including the superintendency, since my last report. All of these changes occurred last summer during a very difficult time for our office because of the many year end reports, and it was only through the extreme dedication of our entire staff that we were able to accomplish our duties and meet our deadlines.

In my last report to you I mentioned the impending conversion of our manual payroll procedures to a mechanized process effective July 1, 1972. The conversion was indeed accomplished and I am delighted to report that, with the excepion of some minor start up dificulties, the transition was smooth and relatively uncomplicated. The success we have achieved with this new system can be attributed to the fine cooperation we have had from staff of the Accounting and Data Processing sections of Phillips Exeter Academy whose services we purchase and the dedication of our secretarial and clerical staff, expecially payroll clerk Nancy Kucharski.

The duties and responsibilities of the Supervisory Union Office continue to increase necessitating redistribution of work in some cases and creating additional staff needs. This summer the state mandated an entirely new accounting procedure for federal funds wihich required a considerable number of hours of workshop time on the part of two of our staff members and has added a great deal of time to our bookkeeping process. It is requirements such as the foregoing which, although necessary in most cases, exert constant and increasing pressures on central offices.

Space needs committees, building committees and school construction have become familiar fixtures in most school systems including S.U. #16. East Kingston opened their new elementary school this past September (1972) and the staff and students are now enjoying the new facility.

KENSINGTON TOWN REPORT

Currently under construction is an addition to the Swasey Central School in Brentwwood. Plans call for the new facility to contain six classrooms and a resource center. Demountable walls will be employed in certain areas allowing for flexible utilization of space. We are looking forward to occupancy prior to the close of the 1972 - 73 school year.

The School District of Kensington has a Building Study Committee which has been active for the past two years. The commttees' proposal for an addition to the Kensington Elementary School was tabled at the 1972 Annual District Meeting and a similar plan will be offered to the voters at the 1973 meeting.

The School Districts of Exeter and Stratham also have study committees actively working in the area of space needs.

REPORT OF SCHOOL HEALTH SERVICES
Kensington Elementary School

To the Superintendent of Schools:

For the past few months I have spent my time getting organized and oriented to the duties and responsibilities of my position as school nurse. During this year, routine health screening measurer will be done as in past years. In fact, most of the routine annual measures including physicals, has already been completed. Presently we are surveying parents to see if there is a need for a Booster Clinic. This will be held at Pre - School registration time, and will be open to children already in school as well as those about to enter.

With the cooperation of the Principal and staff, we have tried to incorporate health education into the over all curriculum. Using speakers, films and filmstrips, such areas as dental care, personal hygiene, nutrition, and safety will be covered. With problems of drug abuse increasing, we will be doing some classroom presentations in this area the emphasis being on awareness and prevention. While I don't feel that we presently have any problems within our elementary school, I do feel that we should prepare the children for the day when they may encounter such situations.

I would like to express thanks to those volunteers who have helped with the School Health program in the past. I hope that I will have their continued support. I would like to express my

appreciation of the support of the School Board, Superintendent of Schools, Principal Robin Whittemore, members of the staff, and Dr. John Tuthill, school pediatrician, for their help and cooperation this year.

Respectfully submitted,
VINIE M. SCAMMAN R.N.

RECORD OF THE 1972 SCHOOL DISTRICT MEETING

Kensington, N.H. March 4, 1972

The annual School District Meeting was called to order at 7:30 P.M. in the town hall by the Moderator, Horace M. Gourley. The warrant was read by the Moderator and an appropriate prayer was offered by the Rev. John Akehurst.

ARTICLE 1: To see if the District will vote to raise One Hundred Forty Thousand Dollars ($140,000.00) for land acquisition and construction costs in connection with an addition to the Kensington Elementary School; such sum to be raised by issuance of serial notes or bonds of the District under and in compliance with the provisions of the Municipal Finance Act (NHRSA 33) and any amendment thereto, and to authorize the School Board to issue and negotiate such notes or bonds; the discretion of fixing the dates, maturities, denominations, the interest or discount rate, place of payment, form and other details of said notes and of providing for the sale thereof to be delegated to the School Board as shall be in the best interest of the District, and to pass any vote relating thereto.

Beverly George moved that we adopt Artilcle 1. The motion was seconded by Marjorie Wilbur. Mrs George then offered an amendment to Article 1: To see if the District will vote to raise One Hundred Thirty Thousand Dollars ($130,000.00) for land acquisition and construction costs in connection with an addition to the Kensington Elementary School; such sum to be raised by issuance of serial notes or bonds of the District under and in complaince with the provisions of the Municipal Finance Act (NH RSA 33) and any amendments thereto, and to authorize the School Board to issue and negotiate such notes or bonds; the discretion of fixing the dates, maturities, denominations, the interest or discount rate, place of payment, form and other details of said note or bonds and of providing for the sale thereof to be delegated to the School Board as shall be in the best interest of the District, and to pass any vote relating thereto. It was seconded by Marjorie Wilbur.

Mrs. George explained that the $140.000.00 in the main motion was an error.

Much heated discussion followed. Those taking part were Philip Fiset, Lillian Plourde, Paul Estabrook, Beverly George, Doris Swift, William Wadleigh, Paul Kimball. John York moved to lay Article 1 on the table. Motion seconded by John Sargent. The vote was in the affirmative.

ARTICLE 2. To determine and appoint the salaries of the School Board and Truant Officer and fix the compensation of any other officers, or agents of the School District.

Leonard Miller, Sr. moved that the School Board members be paid the salaries that they received in 1968. The motion was seconded by Paul Estabrook. Discussion followed by Mr. Miller, Mr. Estabrook, Harry Bodwell and Gordon Swift.

Harry Bodwell moved to amend Article 2 to read: The School Board Chairman be paid $500 and the other two members to be paid $300 each. The amendment was seconded by Alan Pardy. The vote was in the negative.

Doris swift moved to amend the article to read that School Board salaries be the same as last year. The amendment was seconded by Leslie Briggs. The vote was in the affirmative.

James Rosencrantz moved and Gordon Swift seconded that all other officers receive the same salary as last year. The vote was in the affirmative.

ARTICLE 3: To hear reports of Agents, Auditors, Committees or officers or agents of theSchool district.

As there was no business to come under this article, the Moderator went on to the next article.

ARTICLE 4. To see what sum of money the School district will vote to raise and appropriate for the support of schools, for the payment of salaries for School District officials and agents and for the statutory obligations of the District.

Richard Drew moved that the School district raise and appropriate the sum of $256,217.00 (Two Hundred and Fifty-Six Thousand Two Hundred and Seventeen dollars) for the support of schools. Charles George seconded the motion.

Discussion followed with James Rosencrantz, Sr., John Sargent, Joan Engel and Philip Fiset taking part. Daniel Durgin, Business Administrator for Supervisory Union #16, was granted permission by the voters to answer the question concerning the difference between Exeter Area High School tuition and Portsmouth High School tuition. Mr. Drew explained that the large increase in the tuition figure was due to 19 more tuition students expected for the coming school year. The motion to approve the budget was in the affirmative.

ARTICLE 5: To choose Agents and/or Committees in relation to any subject embraced by this warrant.

Steven Smith moved that a building committee be formed to deal with the needed addition and for further study. The motion was seconded by Nora Tuthill. The moderator was in doubt on the voice vote and a show of hands was requested. Yes --85 No --54. The vote was in the affirmative.

ARTICLE 6: To transact any business that may legally come before the meeting.

Charles George moved to see if the School Sistrict will vote to approve the operating responsiblilty for the Rockingham School for Special Children by School Supervisory Union #16 effective July 1, 1972, for the purpose of providing educational services for the handicapped students in each of the districts of School Supervisory Union #16.

The total operating costs of the school to be apportioned to the several sending towns on a per pupil basis formula as determined by the joint Boards of the Union.

The motion was seconded by Richard Drew. Discussion followed with Mary Thomas, Philip Fiset, Charles George, Leslie Briggs, Charles H. Bickford taking part. The vote was in the affirmative.

John York asked that the meeting go on record with a vote of thanks for the work done by the Building Committee. A rising vote of thanks was given them.

Carl Brewer asked that recognition be given to the twelve School Volunteers. This was done.

Alan Pardy moved that the new Building Committee be named by the Chairman of the School Board within 30 days of the meeting. The motion was seconded by Paul Kimball. Jessie York

moved to amend the motion so that the full School Board would name the committee, the amendment was seconded by Elliot Young. The vote on the amendment was in the affirmative as was the full motion.

Barbara Moore asked why we needed three school buses. Horace Evans, school bus driver, answered her question.

Beverly George, Chairman of the outgoing Building Committee, thanked the committee members for all their hard work.

Gordon Swift moved that the meeting be adjourned, Second by Fred Yardley. The Moderator declared the meeting adfourned at 8:48 P.M.
